(D)

The Company participates in the Lifeline program. Subscribers may be eligible for the Lifeline service offering ("Lifeline service") under Subpart E of Part 54 of Title 47, Code of Federal Regulations ("CFR"). Within the service areas for which the Company is designated as an "eligible telecommunications carrier" pursuant to Subpart C of Part 54 of Title 47 CFR, the Company offers Lifeline service to qualifying low-income consumers.

(T)

Lifeline service is a non-transferable retail local service offering that is available only to qualifying low-income consumers and for which qualifying low-income consumers pay charges that have been reduced in accordance with Subpart E of Part 54 of Title 47 CFR. In addition, for an "eligible resident of Tribal lands," as defined in § 54.400 of Subpart E of Part 54 of Title 47 CFR, the Company's Lifeline service charges are further reduced in accordance with Subpart E of Part 54 of Title 47 CFR.

(T)

(T)

The Company's offering of Lifeline service includes "toll limitation" only in the form of "toll blocking" (and not "toll control"), as those terms are defined in Subpart E of Part 54 of Title 47 CFR. "Toll blocking" is available with respect to Company-provided Lifeline service at no Company charge to the Company's subscriber to such Lifeline service.

On the issue date of this tariff sheet, "toll blocking" is defined in § 54.400 of Subpart E of Part 54 of Title 47 CFR, as "a service provided by an eligible telecommunications carrier that lets subscribers elect not to allow the completion of outgoing toll calls from their telecommunications channel." "Toll blocking" does not necessarily result in the blocking of collect calls to the subscriber's telephone line or the blocking of calls billed from another location to the subscriber's telephone line.

TELEPHONE INFORMATION

◆ Eligible Telecommunications Carrier

Tenino Telephone Company has been the local telephone company serving the Tenino and Bucoda areas since approximately 1905. During the intervening years, we have worked hard to build a telephone system that would provide high quality telecommunications service to the communities we serve. We have done this, notwithstanding the higher cost of serving areas in the State of Washington and when few, if any, other telephone companies are interested in serving our communities.

We have served and intend to continue to serve both residential and business customers in our service area with high quality telecommunications services at attractive and affordable rates.

In addition to our basic telephone services, we offer throughout our service area advance telecommunications service including Internet access, high speed data services, special calling features and voice mail.

The basic services offered by Tenino Telephone are comprised of several components. At a minimum, these include:

Services offered

Single party, voice grade access to the public switched network, including an unlimited amount of local usage (basic grade of service)

Monthly Charge
Residence \$16.00 Business \$21.00

Dual tone multi-frequency signaling or its functional equivalent (i.e., tone dialing)
No additional charge.

Access to emergency 911 services

There is no additional charge by Tenino Telephone Company to end user customers for the ability to access emergency 911 services. ****

Access to operator service

There is no additional charge by Tenino Telephone Company for the ability to call the operator. However, the call may involve a charge depending on the service requested and the rates of the company whose operator handles the call.

Access to inter-exchange (long distance) services

There is no additional charge by Tenino Telephone Company to end-user customers for the ability to place and receive calls through long distance networks of inter-exchange carriers that offer service through our network. However, the call may involve a charge from the inter-exchange (long distance) carrier depending on the type of the call.

Doing Business With Us

Access to directory assistance

There is no additional charge by Tenino Telephone Company to end user customers for the ability to call Directory Assistance. However, the call may involve a Directory Assistance charge, the amount of which depends on the area called and the rates of the company whose operators accessed.

Toll limitations service for qualifying low-income customers

There is no additional charge by Tenino Telephone Company to qualifying low income consumers for toll blocking service. Qualifying low-income customers are generally those participating in the Lifeline program.

Lifeline Program

Tenino Telephone Company participates in the federal Lifeline program. Under this program, Tenino Telephone Company offers to qualifying low-income customers a discount off of the monthly rate for basic residential exchange service. For service on non-tribal reservation lands, Tenino Telephone Company current discounted monthly rate for Lifeline residential service is \$13.25. Additional discounts may apply for service to qualifying low-income customers on tribal property.

*The charges set forth are subject to change, and in some instances are subject to change without notice. Certain non-recurring charges may also apply to installation or change of service. **Applicable Federal, State, County and municipal taxes and surcharges, including a federally-mandated end user surcharge per line are in addition to these amounts. *** Discounts off of this rate are available to qualifying low-income customers. ****State and County taxes apply per line to fund the provisions of this capability.

These services are available to all qualifying subscribers of Tenino Telephone Company. The charges for these services are reflected each month on our normal telephone bill and may be accompanied by charges for services provided by Tenino Telephone Company. The services listed above are those that Tenino Telephone Company offers and must advertise in order to be eligible for federal support funds that are used to help offset the high cost of serving rural areas and bringing affordable telephone service to residents and businesses in rural areas. Other services are available by contacting Tenino Telephone Company's business office at 264-2915.
